

CITY BOOKS WILL BE AUDITED SOON

Rock Island Municipal Commission
Passes Resolution Providing for
Accounting by an Expert.

TO RECEIVE BIDS ON APRIL 5

Ordinance Providing for Construction
of Sidewalks on Thirty-Sixth
Street Is Adopted.

Books of Rock Island municipal officers who handle money will be audited within the next month. At the meeting of the commission yesterday Commissioner Rudgren submitted a resolution that the mayor be instructed to advertise for bids for the accounting task. The resolution passed unanimously.

Bids will be received until April 5. The following Monday, April 10, they will be acted upon and the contract let so that work will be started about April 15. By May 15 the report of the auditor will be available and presented to the commission.

The books of the city clerk and city treasurer are the principal ones and those which require the largest amount of work. The books of the chief of police, police magistrate, plumbing inspector, building inspector and electrical inspector will be audited also.

Two notes against the city were ordered cancelled by payment. One held by Henry G. Ralston, made last August, with interest, amounted to \$20,566.32. The other is payable to J. C. Marshall and was made in December. It amounts to \$20,184.72. The notes are to be paid April 1, as the tax levy will be available March 28.

Plat Is Presented.

Plat of Brook's subdivision to the city was presented to the commission. It is the block lying between Fortieth and Forty-first streets, just south of Eighth avenue. Mayor McConchie, Commissioner Juhl and City Engineer Treichler will inspect the subdivision before the plat is accepted.

An ordinance providing for sidewalks on the east and west sides of Thirty-sixth street from Fourteenth to Eighteenth avenues was passed for consideration at first reading. Estimated cost is \$2,318.80 for 14,470 square feet of concrete. Owners are given 40 days to install walks and failure to do so at the end of that time will mean that the city will proceed with the work as a public improvement and levy against the free holder.

Libby's Milk

Always Pure!

Bottled milk may be pure when it is put into the bottle. But it is not properly covered. Its purity is not protected. Any milk—even the purest—is dangerous unless sealed.

Libby's Milk is pure milk. It is not only the pure, rich milk from the fine herds and dairies with over half the natural moisture removed by evaporation—but is put into cans—hermetically sealed and sterilized. Its purity is safe from the dairy to your kitchen.
